

The latest update on Hamilton Health Sciences' *Our Healthy Future* project.

PLANNING Our Healthy Future

Our Healthy Future Newsletter – August 12, 2016

What do you think of our communications so far?

Sustainability

Help us plan future communications and engagement activities for *Our Healthy Future* by answering six quick questions.

Follow the link below to answer the six questions:

<http://survey.constantcontact.com/survey/a07ed1jwahbirhvxnn9/start>

Visit the new website!

The *Our Healthy Future* website is a platform to learn more about Hamilton Health Sciences' vision for the future and how we are planning to provide the best possible care 5, 10, and 20 years in the future. Now, it has a brand new look, and we are planning further improvements to the website for the fall.

Check out the updated website and visit the '[Contact](#)' page to let us know what you think of the changes so far.

What's happening

Our vision was approved by our Board in June and then submitted to the LHIN and Ministry of Health and Long-Term Care for review. The vision is the first part of stage one in a five-stage planning process. The second part of stage one will include cost estimates, priorities, and timelines for our vision to take shape. This stage will take another year or more to complete.

As we continue planning for the future, we will create more opportunities to provide input into our vision and plan. Stay tuned this fall and winter to learn about upcoming *Our Healthy Future* events and initiatives.
